Hello Future Lincoln Prep Families,

Our lives are currently changing at a rapid pace. The health of the general population has become a top priority, and through this process, we are being called to practice the virtues that are such a core component of our curriculum. I imagine the world can feel a little extra overwhelming as you hear about schools closing in the media, but you remain out of the loop because you don’t have a student in school quite yet.

As members of our community, I want to make sure that you have access to the same information our current families have been given. Great Hearts has created a website about COVID-19, which contains the most current information and COVID-19 FAQ’s for our families. While some of the information may not be applicable to you because your child is not currently attending Lincoln Prep, it can sometimes be reassuring to see how an organization navigates times such as these. The health and safety of our staff, students, and families is of the utmost importance.

With CDC guidelines and recommendations changing on a near daily basis, we are currently unsure of the impact to our upcoming events. While we do not have any physical events scheduled for the upcoming weeks, we were planning on sending you lists and documents for next year. Please know that while we are still working hard on them, the state-mandated school closures have impacted how quickly we will be able to get them to you.

Our physical office is currently closed; however, our faculty and administrative teams are working remotely, and we are available via email to address any questions you might have.

The academic calendar for the 2020-2021 school year is available on the website and linked here. This calendar outlines school days, holidays, half days/early dismissals, conferences, and finals.

We cannot wait to officially welcome you to our school family for the 2020-21 school year and look forward to hosting orientations for you when we can do so safely! We are thankful that you have picked us as your school of choice and are excited to partner with you in your child’s education.

Thank you in advance for your patience through these times.

Sincerely,

Joan Warner
Office Manager
