FACULTY SPOTLIGHT - FUN FACT!

Mr Harris - Studio Art, Studio Art I, Studio Art III

I originally went to college to pursue a career as a physical therapist. I changed my major to art during my first semester because of a charcoal drawing class I took to fulfill a humanities requirement. I fell in love with drawing and decided that I would satisfy my curiosity about how the human body looks and functions; only instead of being in a clinic my work would be on paper or canvas.
